

CARDHOLDER: Attached is your Railroad Commission certification card. You must carry the card at all times and show it upon request by any authorized agent of the Railroad Commission of Texas. Please review your card and note your training/continuing education due date, if applicable. Please verify that the card lists all the examinations you have passed, and report any discrepancies in writing to the AFS Certification Section. If you report no discrepancies, you are acknowledging that the information on the card is accurate. NOTE: Cards for Category E Managers may not list other examinations for LP-gas activities authorized under Category E.

This card must be renewed yearly by the expiration date shown on the card. If you do not renew by this date, you must immediately cease to perform any activities requiring Railroad Commission certification. To resume performing such activities, you must pay all fees due, comply with all applicable training and continuing-education requirements, and/or pass a Railroad Commission qualifying examination.
