

Getting found in the filters

Owners press Filters on the map and check off what they need. Every filter reads one box on your profile. Untouched box, invisible to that search.

Check off what you actually do.

Forty checked boxes make you look like everybody and gets you calls you do not want. The twelve you are good at make you the obvious choice for those twelve.

Certificates count only while they are current.

An expired certificate drops out of the filter on its expiration date. Update it under What you hold and it is back.

1 What each filter reads, and where it is on your profile.

Owners check	Feeds from
Repairs, Inspections	Your name and badges: RV technician, Inspector
Detailing, Winterization	Rigs and work: Work you do, under the Detailing heading: Detailing and washing, Winterizing and de-winterizing
Engine and chassis	Your name and badges: Engine and chassis
Mobile, Shop, Shop and mobile	Your name and badges: Do you go to them, or do they come to you?
Your rig	Rigs and work: Rigs you work on
What you need done	Rigs and work: Work you do
Training and certifications	What you hold, while the certificate is current
Warranty work	Your name and badges, under Warranty work: Manufacturer warranty, Extended or third party warranty
RV brand specialists	Your name and badges: I specialize in a specific brand, and the brands you pick
Named specialists	Your name and badges: I specialize in one kind of work

2 Sign in, open your profile, and check the first card.

Mobile or shop, the three kinds of work, and the two specialist boxes are all here. A technician who starts doing inspections just checks Inspector.

Do you go to them, or do they come to you?

☒ Mobile ☐ Shop ☐ Shop and mobile

What kind of work do you take?

Add or drop these any time. A tech who picks up inspections later just ticks the box.

☒ **RV technician, house side**

Electrical, plumbing, appliances, slides, roof, doors, windows.

☐ **Engine and chassis**

Engines, transmissions, differentials, air bags, chassis work.

☒ **Inspector**

Pre purchase and condition inspections.

Brand specialist [Why this matters](#)

☐ **I specialize in a specific brand**

This is for technicians who genuinely work one make. If you work on everything, leave this unticked. Owners
